

Welcome to the Club... It's the Ultimate Savings Club

Smart consumers have known for many years that planned saving for college tuition, investments, or medical funds take the crisis out of the crisis! Why...because they can better plan their expenses. It easier, and it's smarter. Well, at **David R. Singleton, Inc.** we have now made it simple to eliminate the crisis repair bill, or to put in the new highly efficient water heater. You can now save on repairs.

It's called the Ultimate Savings Agreement, and here is how it works.

What is an Ultimate Savings Agreement?

The Ultimate Savings Agreement is regularly scheduled maintenance on your home's plumbing system. Your home's plumbing DOES need regular care. This is why it breaks down on occasion. Plumbing in a home is a system, and like any system it needs attention. We will come once a year on a regular schedule to inspect your home's plumbing system, including toilets, faucets, water softeners, water purifiers, and a host of other items to insure they are operating properly.

What do you get with your Membership Privileges

Your plumbing system isn't exciting but it is critical to your home's well being. As an Ultimate Savings Club Member you will get the following:

- Once a year Ultimate Plumbing Inspection by one of our Experienced Technicians gives peace of mind that your home's plumbing system is in the best operating condition.
- 15% discount off of quoted repair/service work when paid in full at time of service. Work not completed on day of service or set up for a future date will require a 50% deposit. USA fee must be paid in advance. Discount does not apply to sub-contractors hired by **David R. Singleton, Inc.**
- Emergency Service - You get Immediate "Front of Line" treatment as a preferred customer. Emergency service fee is waived for USA customers for emergency work at night and weekends.

Special Offers on products only for our Ultimate Savings Customers.

Maybe most importantly - you get our Ultimate Savings Satisfaction Guarantee. If you are not completely satisfied with our people, our performance or anything to do with our company, we will refund 100% of USA fee.

All for an investment of \$149 per year or \$299 for 3-years.

Why is this a good deal for me?

Statistically it is almost a certainty that you will need a plumbing repair within the next two years. So the Ultimate Savings Club is a wise choice, and a good deal.
